

SCORING RUBRIC | North Central CEDS Priority Projects 2022-2026

County:

Project Name:

Est. Project Cost:

	EXEMPLARY (15 PTS)	SATISFACTORY (10 PTS)	NEEDS IMPROVEMENT (5 PT)	INSUFFICIENT (0 PT)	SCORE (out of 30)	COMMENT
Anticipated Timeline	Project (or phases of project) can be successfully completed within 1-3 years	Project (or phases of project) can be successfully completed within 3-5 years	Project (or phases of project) not likely to be completed within the 5 years of this plan	Project doesn't clearly state timeline or demonstrate ability to be completed in phases		
Matching Funds	Project demonstrates existing financial support (evidence of support included)	Project has applied for / requested matching funds - confirmation pending (evidence of pending request included)	Project demonstrates potential sources of match but nothing secured yet	Project has not identified viable sources for matching funds		
Current Project Status	Construction Ready: Project (or project phase) is shovel or implementation ready (evidence of project readiness included)	Pre-construction Phase: Project (or project phase) has transitioned from early planning - construction documents are underway, project budgets are being formalized, etc (evidence of project readiness included)	Early Planning Phase: Project (or project phase) has completed feasibility assessment and is ready for the planning phase. (evidence of project readiness included)	Conceptual Phase: Project (or project phase) is new and has not yet been tested for feasibility.		
Current/Existing Support	Project demonstrates community support through cross-sector partnerships and/or letters of support, and includes measurable data qualifying significant regional or local economic impact as a direct result of the project (ex. jobs created or retained)	Project demonstrates community support, and includes some measurable data and/or sufficient information related to the potential for significant regional or local economic impact as a direct result of the project	Difficult to determine if project demonstrates community support, includes limited information related to the potential for significant regional or local economic impact as a direct result of the project	Project does not demonstrate community support and/or show potential to generate significant regional or local economic impact as a direct result of the project		
Project Alignment with CEDS Priorities	Clearly demonstrates alignment with 1 or more CEDS priorities and has been identified as priority through other local/state/regionally significant process	May demonstrate alignment with 1 or more CEDS priorities and has been identified as priority through other local/state/regionally significant process	Difficult to determine if demonstrates alignment with CEDS priorities, though it has been identified as priority through other local/state/regionally significant process	Does not demonstrate alignment with any CEDS priorities
